WORK EXPERIENCE

Apr 2023 - Mar 2024
Karsoft IT Solutions | Nukus, Karakalpakstan
Frontend Engineer

- Expanded technological expertise: Delved into the intricacies of integrating Google Maps and Yandex Maps into web applications, enhancing user experience and functionality.
- Successfully implemented socket.io technology: Developed a real-time chat application using socket.io, demonstrating proficiency in complex web technologies.
- Deepened frontend skills: Continuously expanded knowledge and expertise in frontend development, solidifying my position as a skilled and versatile React developer.

June 2022 - Apr 2023
DBC Nukus | Nukus, Karakalpakstan
Jr.Frontend developer

- Successfully implemented first real-world project: Developed an admin panel, gaining valuable experience working on a full-fledged product.
- Enhanced code organization skills: Applied best practices and coding standards to create clean, readable, and maintainable code.
- Mastered new frameworks: Expanded toolset with Antd and MUI, boosting efficiency and enabling creation of more complex and interactive interfaces.
- Deepened React and JS knowledge: Continuously learned and refined skills in core technologies, laying the foundation for further professional growth.
